

THE AUTOMOTIVE LIGHTING BENCHMARK

# 15-19 SILVERADO HD / SIERRA HD MARKER LIGHTS INSTALLATION GUIDE

**WARNING:** By reading this document, you agree it is only to be used as an educational guide. Morimoto Lighting nor its dealers make guarantees on any finished results, nor are they to be held responsible for any damage, misuse, or personal injuries. If you are unable to clearly understand and adapt the information below, professional installation is recommended.

## PACKAGE CONTENTS

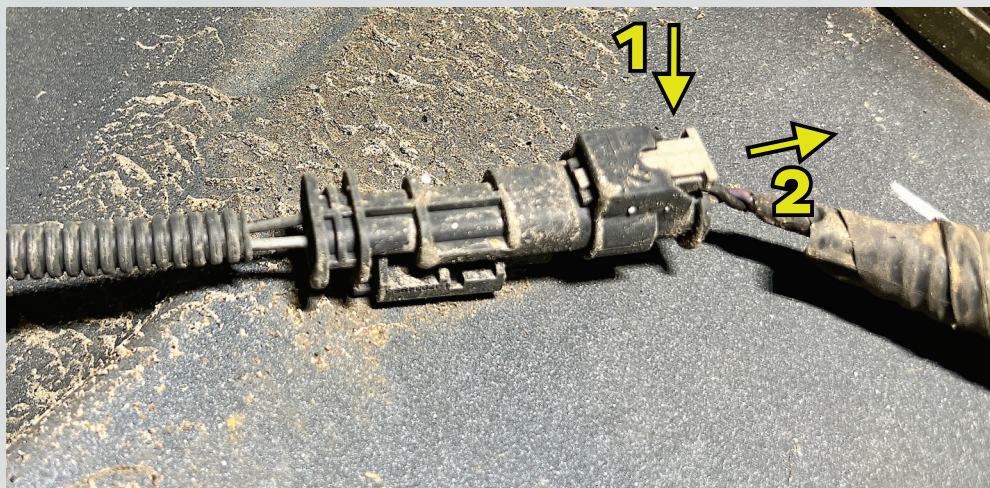

4X MARKER LIGHTS (2X AMBER, 2X RED)

## TOOLS REQUIRED

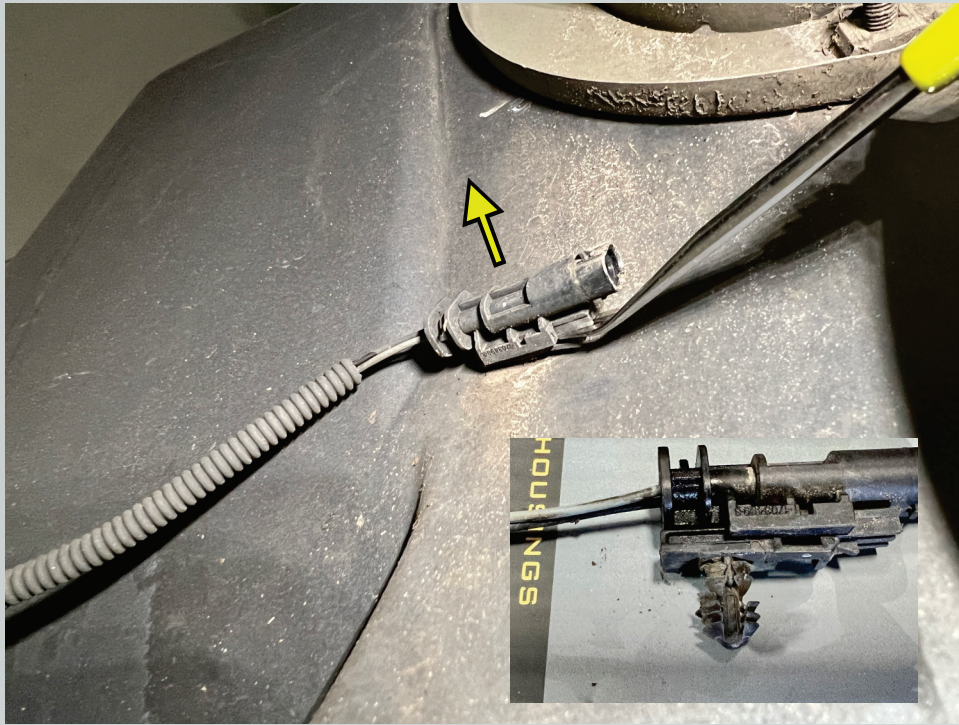

PRY TOOL OR FLATHEAD SCREWDRIVER

## INSTALLATION PROCESS

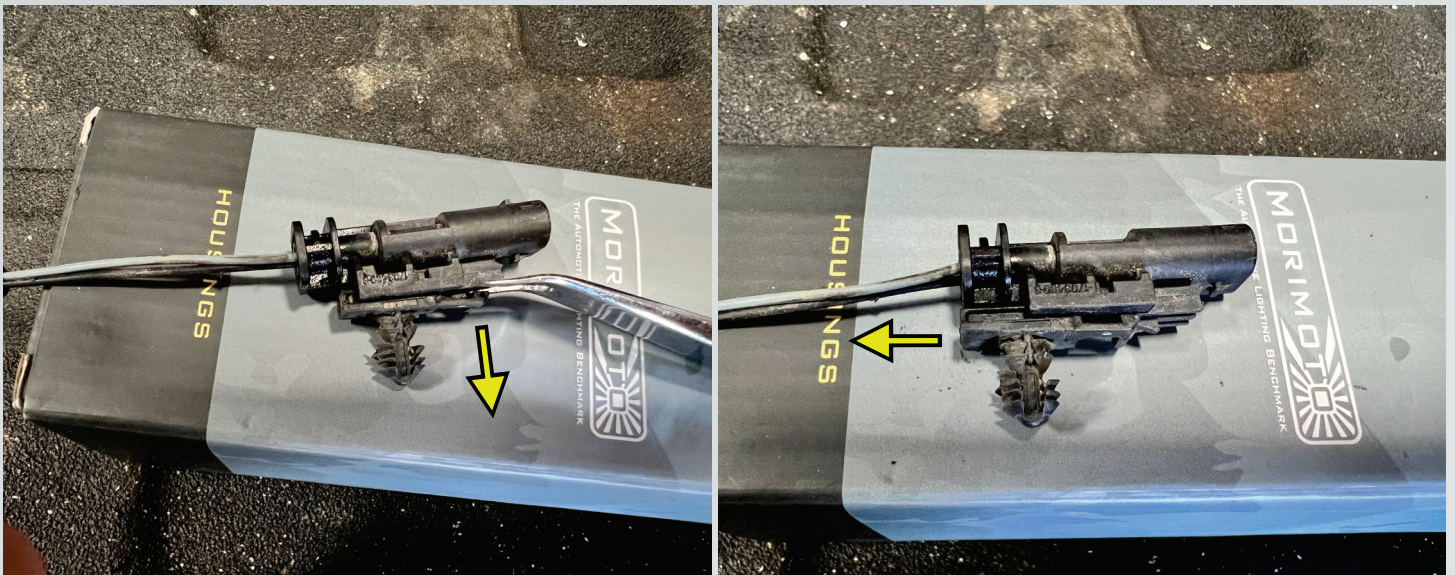

1. Behind the factory marker light, press the release tab down and pull the connectors apart to separate them.

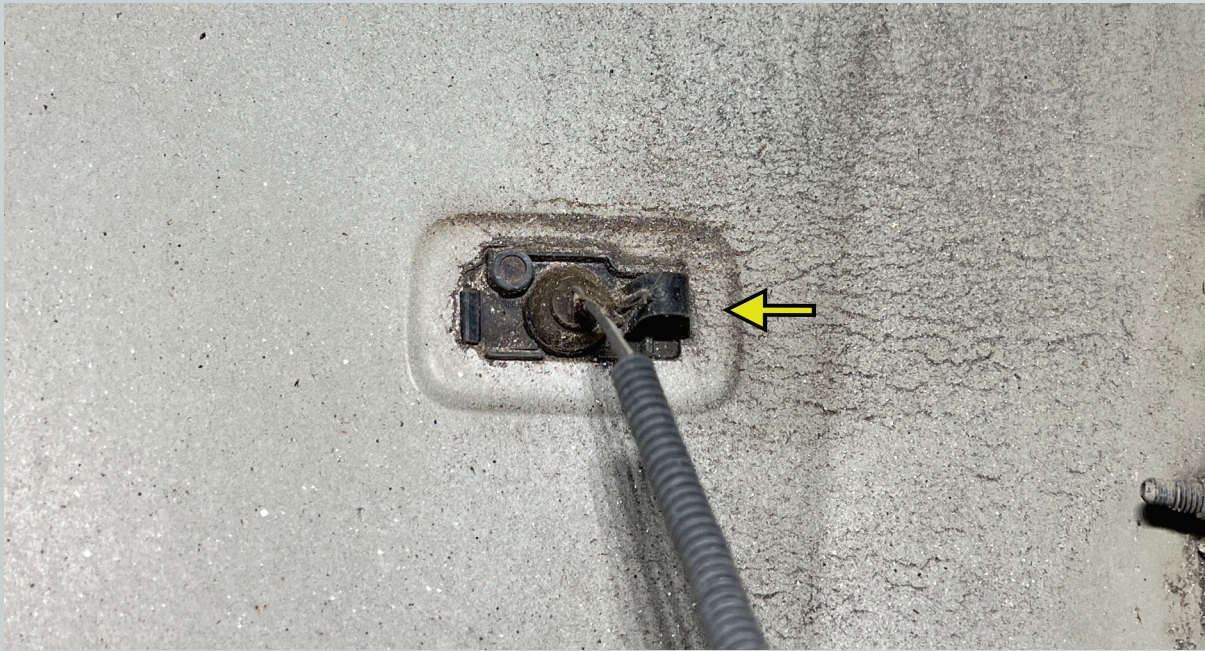

2. Pry the marker light off of the fender. It uses a press clip, so it can be pried off gently.

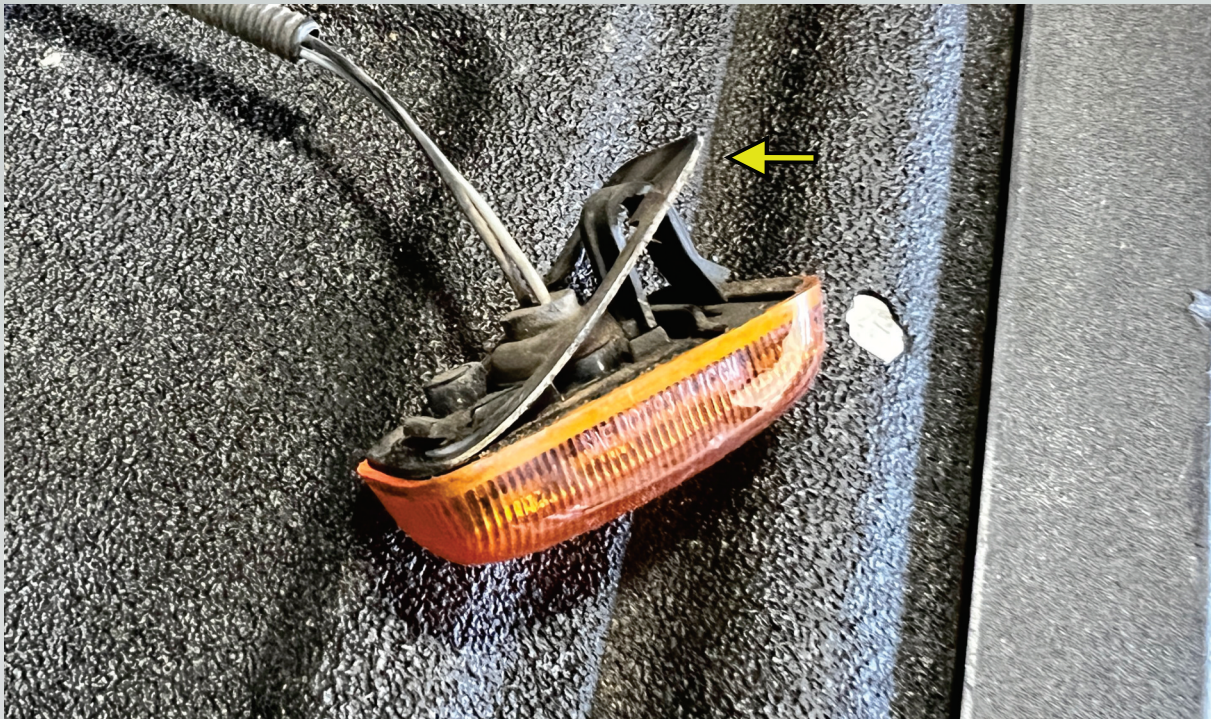

3. Pry the release tab up to pull the factory press clip off of the connector. This clip will be reused.

4. Press in the side tab to release the stock side markers. The side marker then removes from the front (painted side).

5. Remove and transfer the stock foam gasket to the new Morimoto marker lights.

6. Installation is reverse of removal.

7. Turn on the lights to ensure proper functionality.
